Add a little Fantasy ***

see the world with kid's eyes. Imagination helps children explore their environment. By inventing creatures or adventure stories, children gain creativity and flexibility. They have the skills to make up a game in any place and this fosters their adaptability to any new situation they may encounter.

Flexibility and adaptability are just as important for children as they are for our glasses: robust frames and flexible temple ends ensure that children have free rein in their imaginative play and do not feel restricted by anything.

WHY

We believe all children should feel free to play, run, jump, explore and play the way they want. Feel good about themselves and feel free to be who they are. No matter of age, gender or skin colour.

HOW

By designing and producing attractive, functional and affordable products which help kids with glasses to play the way they want and feel free to be themselves. Products that are responsibly produced and available for every child.

WHAT

REACH-proof produced kids eyewear made of TR-90 material for the temples. Plasticiser-free TPE material for the frames make them flexible, lightweight and resistant enough to stand children's everyday activities. With a cool design, trendy colours, a consumer-friendly price and a young, fresh, non-childish brand concept.

WHY

MILO & ME?

FRAMES

Adjustable
temple ends

Phillips screw with
lock-sleeve

110° V-Groove for
simple glazing

Flexible TR90 material

Plasticiser-free TPE material

INCLUDED

New: Juno page 31

WHAT'S NEW?

In this catalogue we present
three new frames:
Noah, Sara and Juno.

The **Noah** model is primarily for
toddlers and preschoolers between 2
and 6 years.

Sara is a real model for girls: in
trendy, matte colours and many sizes
between the ages of 2 and 12.

Juno, with its slightly rounder shape, is
a unisex frame for children aged
6 - 12.

With Noah, Sara and Juno, the existing
Milo & Me collection is expanded to a
total of **14 frame models** for all age
groups.
